Case No. F-2017-15758  
Segment: USAID-0001

Campaign for Accountability  
611 Pennsylvania Avenue SE, #337  
Washington, DC 20003

Dear Mrs. O'Connor:

I refer to our letter dated August 16, 2018, regarding the release of certain Department of State (“Department”) records under of the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552. The Department has reviewed over 300 potentially responsive pages, and retrieved 21 documents responsive to your request. After reviewing these documents, we have determined that 5 may be released in full, 14 may be released in part, and 2 must be withheld in full.

An enclosure explains the FOIA exemptions and other grounds for withholding material. Where we have made excisions, the applicable exemptions are marked on each document. All non-exempt material that is reasonably segregable from the exempt material has been released. All released material is enclosed. The documents that were withheld in full were withheld under FOIA Exemption 5, U.S.C. § 552(b)(5).

The processing of your request remains ongoing. If you have any questions, your attorney may contact Assistant U.S. Attorney April Denise Seabrook, at [April.Seabrook@usdoj.gov](mailto:April.Seabrook@usdoj.gov) or (202) 252-2525. Please refer to Civil Action Number 18-0464 and FOIA case number F-2017-15758 in all correspondence regarding this case.

Sincerely,

Eric F. Stein, Director  
Office of Information Programs and Services

RELEASE IN

FULL

**Fact Sheet: Protecting Life in Global Health Assistance**

On January 23, 2017, President Trump issued a Presidential Memorandum reinstating the 2001 Presidential Memorandum on the “Mexico City Policy,” and directed the Secretary of State to implement a plan to extend the Mexico City Policy to “global health assistance furnished by all departments or agencies.”

Secretary Tillerson has approved a plan, called “Protecting Life in Global Health Assistance,” to implement the manner in which U.S. Government departments and agencies will apply the provisions of the Mexico City Policy to foreign NGOs that receive U.S. funding for global health assistance.

Under this expanded policy, “global health assistance” includes funding for international health programs, such as those for HIV/AIDS, maternal and child health, malaria, global health security, and family planning and reproductive health.

Protecting Life in Global Health Assistance applies to global health assistance to, or implemented by, foreign NGOs, including those to which a U.S. NGO makes a sub-award with such assistance funds. Global health assistance to national or local governments, public international organizations, and other similar multilateral entities is not subject to this policy. Also excluded is humanitarian assistance, including State Department migration and refugee-assistance activities, USAID disaster and humanitarian-relief activities, and U.S. Department of Defense (DoD) disaster and humanitarian relief.

Once the necessary legal and administrative steps have been completed, the policy will apply to all new funding agreements (grants, cooperative agreements and contracts) for global health assistance, and to existing agreements when amended to add funding.

All foreign NGOs will have the opportunity to receive global health assistance awards if they indicate their agreement to abide by the terms of Protecting Life in Global Health Assistance by accepting the provisions in their award.

Protecting Life in Global Health Assistance does not reduce the amount of global health assistance the U.S. Government makes available, and funding previously obligated will not be affected as a result of this policy.

The United States remains deeply committed to supporting health programs around the world.

Dear Colleagues,

Please review/clear the attached AM to S by COB, Monday, May 1. We've learned from OMB's Office of Information and Regulatory Affairs (OIRA) the standard provisions we have developed to implement the expansion of the Mexico City Policy (aka the Protecting Life in Global Health Assistance Initiative) would be considered a "significant guidance document" for purposes of the January 20, 2017, Memorandum for the Heads of Departments and Agencies regarding the "Regulatory Freeze Pending Review."

Subject: REVISED Mexico City Policy Memo

Dear all,

Many thanks for what I believed was a very fruitful meeting yesterday to update us on the work of the sub-groups and to move forward towards consensus on the research issue.

As promised, attached is a revised draft memo, including the research language.

B5

May 1.

Also, can I ask that you provide the name of the authoritative clearer from each department or agency (i.e., I would like one name from DOD, one name from HHS, one name from CDC, one name from Peace Corps, one name from NIH, one name from USAID, etc.). If you believe multiple clearers are required, I ask that each agency provide that to me in one e-mail response to this e-mail.

Finally, if your department or agency has not sent me your data called for in the ExecSec, please do so soonest - and no later than COB Thursday, April 6.

Again, thank you for your good work and cooperation.

Best,  
-Margaret

March 15, 2017

The Honorable Rex Tillerson  
Secretary of State  
Department of State  
2201 C Street, NW  
Washington, DC 20520

Dear Secretary Tillerson,

On February 21, 2017, we wrote to you to express our opposition to the Presidential Memorandum Regarding the Mexico City Policy issued on January 23, 2017, and to discuss our grave concerns about its potential implementation. We urged you to mitigate the damage caused by its application through careful and thoughtful implementation.

We have since learned that, as of March 2, 2017, the Mexico City Policy language is to be inserted in new USAID family planning assistance grants and cooperative agreements, as well as existing USAID Family Planning agreements "when such agreements are amended to add incremental funding." We deeply regret that you have ignored our concerns and singled out family planning assistance for priority action.

As we outlined in our previous letter, this action will magnify the policy's chilling effect, create confusion and over-interpretation, and harm integrated health programs, particularly those that combine family planning with maternal and child health and HIV prevention.

We are now hearing from USAID implementing partners-both U.S. NGOs and foreign NGOs- that the issuance of this piecemeal guidance is creating confusion around the globe, leading to disorder and inefficiency. Such disorganization is ineffective and harms our ability to achieve our foreign policy goals.

Our earlier letter was clear: it is incumbent upon you to manage the scope of this policy and minimize the disruption of the delivery of U.S. funded health services that individuals and communities depend on around the world. We continue to stand ready to engage with you on these important programs and urge you to preserve the availability of health services to vulnerable populations around the globe.

### Mexico City Policy Implementation Meeting

Dear colleagues:

On behalf of the Department of State, I would like to convene a meeting to discuss the January 23, 2017 Presidential Memorandum that directed the Secretary of State to coordinate with the Secretary of Health and Human Services to implement a plan to extend the requirements of the January 22, 2001 Presidential Memorandum on the Mexico City Policy to global health assistance furnished by all departments or agencies.

Date: Friday, March 10

Time: 11:00am-1:00pm

Location: U.S. Department of State - Room 6829

We are hoping to keep this to a small group. So if you are not able to attend, please designate only one substitute in your place.

Please let me know if you will need clearance into the Department so that we can arrange your entry/escort to the meeting.

Thank you.

### MCP Implementation Mtg

PRM Acting DAS Margaret Pollack would like to convene a meeting at 3pm this Friday, February 17 to discuss the development of the plan called for in the January 23rd Presidential Memorandum (PM) to extend the requirements of the MCP. We'd like to use the meeting to begin deeper discussions on clarifying the scope of the policy as directed in the second paragraph of the PM. In that regard, we would appreciate if you could come prepared to discuss how any global health funding is received and distributed by your office. We look forward to seeing you on Friday at 3pm (State Department Room 6833).
